Beth,

Please find attached the letter to Jan. We have a Council worksession tonight and I will get additional letters from other council members signed at the worksession. I will forward them to you tomorrow morning. Do you want me to put the originals in the mail?

Thank you,

Karen

Beth,

Thanks! I have been very busy at work but will get Jan something this weekend. I have now spoken with all of the council members and there was no objection. I will get at least a couple of the other council members to get her a letter also.

Thanks,

Karen

Karen: She doesn't need an official resolution from the city but letters from individual council members would be fine. It has been advertised and will be introduced on Monday. Beth

Beth,

I have spoken with City Manager Chris Lagerbloom and with the Mayor and all Council members but Joe Longoria. I hope to speak with Joe on Monday. What type of letter of approval is Jan looking for? If it is something official from the city then we will need to reflect it on a Council Agenda to discuss. If something from individual council members will suffice, all that I have spoken to have no objection and I believe they would be happy to send something to Jan.

Just let me know.

Thanks,

Karen

I made the change as you requested- it ends up moving a total of 182 people. The deviations are still under 2% so it's fine to go this way if they prefer. Although it's only 35 homes, the census block that contains that neighborhood also picks up the neighborhood further down New Providence Road that runs off of Gates Mill Way. This is all part of a single census block. This does not add any area to District 2.

I'm attaching an adjusted map and stat sheet for you to see. To take in that address, this is as minimal change as we could go.

Let me know if you have further questions.

Thanks,

Gina

The Honorable Jan Jones  
340 State Capitol  
Atlanta, GA 30334

Dear Speaker Pro Tempore Jones:

I am writing to request a change in the District Map for the city of Milton. As you are well aware, Milton currently has three districts. I believe that the Estates at Atlanta National subdivision should be included in District 1.

The Estates at Atlanta National and my subdivision Providence at Atlanta National are closely aligned with many of the residents of both subdivisions members of Atlanta National Golf Club. Over the years I have worked with the residents of the Estates of Atlanta National on various issues related to zonings, setbacks and construction within the subdivision. The residents of the Estates of Atlanta National also are closely tied to the Crabapple community which is a large part of District 1.

Since all voting is at large within the city, this will not change which council person the residents vote for at election time. It will simply better align the districts to reflect the council members that they turn to when they need help with city related issues.

Thank you for your consideration of this change.

Karen C. Thurman  
Milton City Council District 1
